China position is wavy (of 5-16,

Suppose Raul wouldn't be
nearly until Sept 1 (or 15!)

or 2-3 ⁴⁻⁶ weeks after SU
come in!

Would hist/biogs have developed
- hitting 5 cities (incl. Kyoto -
or threat it) (POWs?)

- affecting Emperor

- (then, if necessary - warning of
SU entry) Pattern (a little earlier?)

- or, if necessary - aircraft
pattern earlier as SU entered

- threat of Raul - kill as many as
more in "endangered cities"
(Fukushima?)

(agreed to points)

Even after ~~the~~ ^{the} Wherry Harry had internal visits
(or, of Tokyo, others)

(FR)

can. in 64?

for USAF, ~~the~~ being 2-4 A-Bombs: "no big deal"

Don't know know of business?

Committee? Office?

Antitrust Committee? Foreign Committee?

Strickland approval not to!

What if discovered to hist?

(kill Huieira!

100,000

all these birds!

Office must have known —

"not all that different"

"20,000"

What did hist + see as ~~alternatives~~?

this winter?

not, "instead"

Options: - offer before or after 2 Barbs?

- warn of Barb?

- warn of SU

What if Barbs ready on Aug 17? Barb + offer!

Actually: Bonds + offer we not sufficient

. 21 " " ~~was sufficient~~

+ SU was sufficient

for Empson - not for Ang!

+ suff. with Empson

to print comp

(Frank - Empson still due to

(with? ...)

to far as best (CNG) (Baker?) 7-25-16

Amend?

- No one was against using the Bomb
(Mandy? He? Bond?)
w/ Chicago.

- There was no cost, no downside
to using the Bomb

[clearly something that
could readily be used
again as 1CBM/lt
SLBM
(if no deterrent
necessarily)]

by best/Beggs

- ~~Not desirable~~ to end the war

Don't not before / without using the Bomb

- Don't to use it before SU entry
(or simultaneous with

→ and no warning of SU entry (Potomac)

→ - Don't not to offer before using
Bomb

(Don't take chance of ending war before

Bomb: if offer (not enough, really
(Pot. sure))

or SU warning (Potomac)
might do it

17-27
Aug 7 or later (Potomac) all proposed,
(some substantive) but best/Beggs

15,000 feet

might only do it
now
